

# RECYCLE YOUR WASTE OIL

2012

SAVE MONEY  
CONSERVE RESOURCES  
PROTECT NATURAL RESOURCES

## Program Goals

- ≈ To dispose of pesticide containers in a cost effective, environmentally sound manner which benefits agriculture and community.
- ≈ To encourage resource conservation by recycling plastic containers.
- ≈ To protect public health.
- ≈ To lessen financial impact on farmers and agricultural businesses.

## ACCEPTABLE CONTAINER REQUIREMENTS

**Type:** Non-refillable HDPE containers #2.

**Sizes:** Up to 55 gallon capacity drums.

**Users:** Growers or Commercial Applicators.

**Prior Use:** EPA registered agricultural product.

**Cleaning:** *Containers must be empty, triple or pressure rinsed, and punctured at time of use. Staining is acceptable; caked-on residue is not.*

**Parts:** *Remove all non-HDPE parts, including caps, metal handles, rubber linings, plastic seals, bungs, labels, and booklets.*

**Transportation:** Loose loads must be tarped.

**Unloading:** Most containers must be transferred by customer into a dumpster.

**Tip for easy unloading:** String a small group of containers together.

### NOTICE

Containers not meeting the above-stated requirements, or those that once held motor oil, fuel, or antifreeze, will be refused and may cause the load to be rejected in its entirety.

If contamination is detected post-delivery, San Joaquin County will contact the person or entity that made delivery of prohibited waste. The contaminants must then be removed from the premises by the deliverer within 48 hours from the time of notification and must be disposed of as prescribed by state and federal laws. Proof of proper disposal (documents and/or manifests) will be required and shall be provided to San Joaquin County Public Works, Solid Waste Division. If not safely and lawfully removed within the 48 hour period, San Joaquin County will contract with a hazardous waste hauler for removal and legal disposal. The person or entity that made delivery shall be solely responsible for all costs associated with the handling and disposal of prohibited materials.

## DISPOSAL PROCEDURES

### On a Scheduled FREE Recycling Day:

1. Follow Acceptable Container Requirements.
2. Self-certify the containers are clean. Forms are available through the Ag Commissioner's Office or online.\*
3. Containers will be checked by an inspector from the Ag Commission.
4. No gate fees will be charged for ag plastic containers. If garbage or other materials are included in the load, a fee will be charged.
5. Off-load your containers as instructed.

### On an Unscheduled Day:

1. Follow Acceptable Container Requirements.
2. Have containers inspected and certified by an inspector from the Agricultural Commissioner's Office before they are taken to an authorized disposal site. Forms are available at the Ag Commissioner's Office or online\*.

Stockton	953-6000
Lodi	331-7287
Simms Station	468-5542 or 838-2276

3. Take your containers to the disposal site.  
**Normal gate fees will be charged.**
4. Off-load containers as instructed.

**We'll recycle your cardboard, too!**
